Yeh I agree with what you are saying about your wife and faith that is my

The reason i say it comes from the heart is that you can believe it with y  
heart or doubt

where if you believe it in your heart as well then it is solid

So can be classed as faith its like they say a leap of faith

If you doubt when you are mountain climbing you slip as your heart make

Where if you have the knowledge you know what you are doing and the fa  
in that fact

Do you see what i am getting at?
