Exactly my point. You can't understand society if you are too busy judging your way. The philosophy presented is used today in third world countries uneducated and ill equipped to stand up for themselves. Has it been the think they would beg to differ. A lack of thinking leads to social disorder. Whether industrialized society is the healthiest choice for us is not for us wrong. As I grow spiritually I will, as one person, begin to make healthier seen by another who will have the opportunity to learn from me and thus spiritual growth on the planet. Leading by example is how this world will
