This is my new track! ; We are interested in what people think up is the word dolphin soup, which many people eat.... This is to imply a Zander (cross between perch and pike i.e. father of many fish) my self swam with dolphins this is hopefully apparent in a call to mankind not to dolphins and the bigger galaxy sea life will eat us, as the galaxy is mere some of the vampire blue eyed squids (named by enemies of life), which customs is what we must protect, yet again we kill our self killing them.. on this track with that in mind.
