We don't eat what we should, we breathe fumes that other of ourselves have created and we get diseases. We kill innocent people and kill them(decision a person made, not God) We do this because they beleive a cow is sacred and they feed thousands of them in a way that don't know how to farm because they need other people like you and me to have the knowledge to plant or provide water. They drink nasty water tht makes them sick because we don't do anything to help. In the same manner if allthings great or small point to God and He gets the Glory for it, wouldn't He would show you the safest way home?
