Hi David, this is dude here. All I can do is share my testimony of that ni metaphysical books in three yrs leading up to that. The bible says, by be "changed". Now this is used to get us to behold Jesus christ and his way start to focus intently (Beholding) on faires, or ufos, or whatever. It see for a time, eventually creates a magnectic field, withn your psychic, that relationship, with wat we behold. So in the case of the metaphysical, or field manifests, it then draws in the other side of the relation... And they that for about 3 yrs as mentioned above. Some of this will be imagination realitys. I fell the elemental kingdom is real, and part of Gods creation. and interacted with it, on a casual basis. The curse of sin has changed p many ways..

As for the light in that picture, thats a good one, It sure seems like a b or magnectic field of something, is bleeding thru into this dimension. Mo just a bleed thru from the energy or powersource, of the ufo. Its actually But close enoght to the line, it bleeds thru. That your guardian angel che hope this helped.

by the way, its odd about homosexuals taking on the rainbow and faries rainbow is around Gods throne, and the elemntal kingdom is not Gay, it s this has been done by satan to blackball these 2 things. Its my understar has never been penetrated really well, like humanity has been, by satan. around Gods throne, which represents the Holy Spirit. So satan is tarnish gonna pay for that; by burning up in the lake of Fire, while the saints, G as the elemental kingdom, watch him burn up for these tresspasses. I am delived from my tresspasses thru Jesus, and am learning to be a "nice gu peace .If ya have anymore questions or comments, just ask. I have to l soz if I miss ya, then its later on David..peace/.
