Hi David, if aliens, means not living or from earth, then angels could be made for mankind. Angels were made for the courts of heaven, it would s many planets with life on them. In Job we are told all the sons of God, w then satan walked in, uninvited and wanted Job.. We know the story. How "sons of God" thing. Who are they? I think they are the first two created Adam and Eve. If Adam and Eve had not fallen, they would be at this mee of planet earth. "sons of God"

Sister White, a 7th day adventist was taken out of her body and taken had not fallen. She said they looked like people, but in the express imag means. She also saw Enoch on a certian planet and they chatted for a bi other dimensions that have different kinds of life forms, however all sist on 3 different planets. Some say there are at least 99 planets of people, Jesus left the 99 sheep, to fetch the one lost sheep. I dont know if we ca I feel Definatly that UFOs are used to transport angels, and the 24 elder other planets, in this war over earth, with satan. A friends of mine has a just outside of earth, the second heaven, ya can see a ufo shooting at a deep space. They are fighting it out. Now satAn cannot hit one of heaven them dodge and stall them. Remember when Daniel had that vision, then appeared and told Daniel about the vision? The angel said, "I would have principality of Persia opposed me, and it took me 40 days of fighting to g here". They probably were slugging it out in ufos...This stuff is easy to s verses with nasa film footage, ect. I suspect Enoch, Moses, and Elijah at assigned to them. Someday I will get mine. Maybe you'll get one too Dav cool....We serve a wonderful God, and the bible says we have no clue, w once the devil and sin are killed off. I can hardly wait.. dude out...peace
