Haarp stands for High-frequency Active Auroral Reseach Project. Its is type set up, in Alaska. What haarp can do is build up tremendous charge acts like a capacitor. The discharge can be controlled and aimed at a fault earthquake. Many suspect that the tunsami was caused by haarp. The rec Pakistan, could have been caused by haarp. It was reported they thought hiding in that area. So its possible the earthqike was caused to try and that is because Americas Dept of the Military, or the Pentegon, owns and is in the business of war, and killing the enemy.

Haarp is technology that Nicholi Tesla discovered in the early 1900,s. size radio, piece of equipment, to a pillar in the basement of the lab he on, then went to other experiments. What he was researching was radio v words, radio waves go out so far, then bounce back to the origin. Its call My electricity is a little rusty. But anywho, Tesla was in New York City a was experimenting with, started bouncing back and forth in about an 8 m bounce back and forth, it built in intensity and started an earthquake at followed the wave back to its source, taking a few minutes to do that. Th miles from Tesla, When it hit them, they ran to Teslas shop, figuring it w got to Teslas lab, the earthqauke had come all 8 miles and was now shak kicked in the door, just in time to see Tesla grab a sludge hammer, and s The earthquake stopped immediatly once Tesla smashed that walkman siz pillar.

Now this was in 1910, or somewhere around there. Tesla did this just He patiented it, and went on discovering many other things like anti-grav from planet earth, laser beams, ect, ect..and also alternating current. Te then, no one could really understand his inventions. But that was 90 yrs taken almost all of Teslas patents, and classified them as top secret. Ha machine. Except instead of a walkman size radio, like Tesla had; the pen in size. Do the math on that one!

Thers no question in my mind, the pentegon did cause the tunsami earth Pakistan earthquake. Both of these areas are very heavy, militant mosler this one.. It would seem our pentegon will kill tens of thousands of innoc using this earthquake machine. America is becoming very scary!

Haarp also can be tuned, to run at the same frequency as the human b Road rage anybody! Citys in crisis, going insane? Is Haarp being used to weaker minds, with no morals and values? Is this why our Dept of Educat with "situational ethics"? So in the future they have millions, they can m

create choas, so they can put america, or any other nation, under marsh
