David, dont you dare go anywhere..lol I needd you for a bit, you are lev mustard.. watever that means lol Hey man, Wiz hung himself with that post it out to. I understand the frustrations, and ya said your piece David. I m when I read it, and I felt several emotions rise up in me, but I decided to and see, thingy.. At 55, I dont have anything to prove anymore, and have damn many times now. There nothing I havnt seen, a dozen times already most of the time now.

There are several issues with Wizs post(he made it to all inclusive) some mistake..., #1 -does God realy kill? Or does death occur because God pu something? #2 -From what I have read by some latter day prophets, it is hurricnes and tornadoes because he is a scientist. So when certian weat be manipulated to become much worse if satan choose to do so. Humans What kind of seeding could the grays do from their UFO's, if satan gave the planet is 6 degrees off its axis, oil technolgy pollutes, every time we rockets we make a bigger hole. We have trillions of electrical waves from thu the air heating the planet up, ect, ect. We could go on for a long time

The bible says the whole earth is groaning, to be restored back to its planet thats just falling apart from 6000 yrs of sin, or abuse. This in itse disasters, not to mention technology, which I started this thread with. Ya that you can chew, with that one.. also if its for real, they would be com careful about putting that in writing. I have to watch that myself! Because want me to know..

Anywhos David, thanks for taking the plunge into madness, trying to s brave thing to do, I am astonished and happy. hey, where ya gonna go? I place that doesnt ridicule and poke fun at ya, because your different.. pe whole deal was funny, I saw it coming, oh did I ever see it coming...Prai lol
